NEW TURN IN ANTI-BRITISH MOVE: BILINGUAL LEAFLETS THROWN BY JAPANESE PLANE OVER DIPLOMATIC QUARTER

"Spontaneous" Feeling In Japan Now Spreading To Nationals In China

PEIPING, AUG. 13 (REUTER)—ANTI-BRITISH ACTIVITIES TOOK A NEW TURN TO-DAY WHEN A JAPANESE PLANE THIS MORNING FLEW AT A DANGEROUSLY LOW ALTITUDE OVER THE DIPLOMATIC QUARTER throwing overboard many anti-British leaflets in English and Chinese with the words, "Down with Britain—Exclude the British."

The British authorities immediately made representations to the Japanese Embassy, which explained that the spontaneous anti-British feeling in Japan has now spread to the Japanese nationals in China.

EXPANSION OF CAMPAIGN

TOKYO, Aug. 13 (Reuter)—Expansion and intensification of the anti-British campaign in China was decided by the Anti-British Campaign Committee of North China, meeting in Tientsin yesterday.

The plan includes the establishment of central machinery to control and unify anti-British organizations in various parts of China, to observe an anti-British demonstration day and to publish an anti-British newspaper.

The project will be submitted to the plenary meeting next week.

SPONSORS OF MOVEMENT

PEIPING, Aug. 12 (Reuter)—The Japanese authorities are beginning to admit that they are the sponsors of the anti-British movement in North China, as witness the statements of Colonel Nagai, the Peiping Army spokesman.

An important anti-British meeting will be held in Tientsin on Monday by those responsible for its organization, at which they will discuss plans to increase the severity of the movement.

These plans are reported to include making all anti-British organization permanent and linking

STAFF TALKS IN MOSCOW

MOSCOW, Aug. 13 (Reuter)—The military talks between the representatives of the British, French and Soviet armies were resumed this morning, the session lasting three-quarters of an hour.

At the suggestion of the leader of the British delegation, Admiral Sir Reginald Plunkett-Erle-Drax there will be two meetings daily until the talks are concluded.

JAPANESE ARMY DELEGATES TO LEAVE TOKYO

TOKYO, Aug. 13 (Reuter)—The military officers who have been participating in the Anglo-Japanese conference are returning to Tientsin by air on August 14 to resume their military duties because the final instructions to the British delegates have not arrived, according to "Domei."

Major-General Muto, leader of the delegation, declared that further delay was unwarrantable and added that "the political and economic problems were inseparable, and it is therefore impossible to consider them separately as Great Britain requested."

NO DIPLOMAS

The board of education of the "provisional Government of Peiping" has decreed that no diplomas would be granted in future to students in Anglo-Chinese colleges. It is estimated that about a thousand students will be affected by the new regulation and it is believed that the majority of them will complete their studies in Japanese-controlled college. SURRENDER ALL TO NO PURPOSE

Parleys Again Face Collapse

LONDON, Aug. 13 (Reuter)—Discussing the reported new hitch in the Tokyo talks, the diplomatic correspondent of the "Sunday Times" points out that no confirmation has reached London but it would cause no surprise if it were true.

He adds that the conversations between Sir Robert Craigie and the Foreign Office on the safeguarding of order in Tientsin were within an ace of agreement. The organization of the police in the International Settlement in Shanghai, where, incidentally, United States citizens play a leading role in the Municipal Council, has been taken as a model.

"DUTY"

In Shanghai, Japanese observers are able to see for themselves that the Settlement police discharge their duty of suppressing anti-Japanese activity. Something of the same sort has been envisaged for Tientsin, and the new instructions sent to Sir Robert Craigie should, in the British view, clinch the agreement.

China Lodges Protest Against Surrender Of Four Alleged Suspects

CHUNGKING, Aug. 12 (Central)—A spokesman of the Foreign Ministry in an important statement to-day declared that the Chinese Government had lodged a protest with the British Government over the latter's decision to hand over the four Chinese detained by the British Municipal Police in Tientsin to the so-called local District Court.

This decision by the British Government, the spokesman pointed out, is clearly illegal and is incompatible with Britain's repeated declarations, in her capacity as a member of the League of Nations, not to recognise any situation created by force.

If the four Chinese are not guilty, they should have been released long ago, and if they were suspect, they should be handed over to the Chinese Government instead of the so-called Local District Court in Tientsin, which is universally recognized as a part of the Japanese created puppet organ in Japan's aggression of China, the spokesman asserted.

The spokesman pointed out that it would be superfluous for him to point out the numerous instances of innocent Chinese people being tortured and put under third degree by the Japanese, and what fate will be awaiting the four men.

INDENFENSIBLE POSITION

The spokesman said that, by her decision, Britain has placed herself in an indenfensible position both as regards the legality and righteousness of the matter. The decision, he said, is even the more

surprising, as the British authorities had actually intimated to the Chinese Government that the four Chinese would continue to be detained.

It is especially deplorable that Britain should begin to study the so-called additional evidence at the present juncture.

The Chinese Government cannot, but feel regretful, the spokesman concluded, that at a time when China is valiantly doing her part in resisting a disturber of international peace, Britain should be forced to submit to unreasonable demands and further compromise her own Far Eastern interests.

NOTE TO FOREIGN OFFICE

LONDON, Aug. 13 (Reuter)—The Chinese Ambassador, Dr. Quo Tachai, has sent a note to the Foreign Office urging the British Government to reconsider its decision to hand over the four Chinese prisoners at Tientsin.

P. AND O. GUARD AGAINST I.R.A.

LONDON, Aug. 13 (Reuter)—As a precautionary measure, taken it is understood, against possible I.R.A. outrages, only bona fide passengers were allowed to go aboard the P. and O. liners Stratheden and Ranpara before they sailed from Southampton on a Mediterranean cruise and for Yokohama, respectively, yesterday.

A notice posted at the gangway stated that no visitors could be allowed to either ship and, according to the "News of the World," scores of disappointed visitors, many of whom were in possession of recognized permits, were stopped at the gangways.

Some Tense Weeks Lie Ahead In Europe

GERMANY MAY THREATEN HUNGARY

LONDON, August 13 (Reuter)—Some tense weeks obviously lie ahead in Europe, writes the diplomatic correspondent of the "Sunday Times."

Germany appears bent on pressing a military alliance on Budapest which will give her the right of transit for German troops through Hungary enabling her to turn the Polish flank and attack through Ruthenia.

Hungary would doubtless be promised support in her territorial claims against Rumania. The writer adds that it remains to be seen whether even threat of an invasion would force Budapest to take this path.

In Admiral Von Horthy, Regent, and the Prime Minister, Count M. Teleki, Hungary possesses leaders of resolution.

Anniversary Passes Quietly In Shanghai

SHANGHAI, Aug. 13 (Reuter)—The second anniversary of the outbreak of the war in Shanghai shows signs of passing off quietly.

Up to nightfall not a single incident was reported. There is much less traffic on the streets on a Sunday than on week-days, but nevertheless, troops, marines, volunteers and police kept busy on patrol and sentry duties.

Many foreign and Chinese residents stayed indoors, not wishing to take any risk which their appearance on the streets might offer if bombing outrages were to occur.

Many Chinese shops usually open on Sundays kept closed to-day.

ATLANTIC AIR MAIL FLIGHT

BOTWOODS, NEWFOUNDLAND, Aug. 13 (Reuter)—The Imperial Airways flying boat Cabot arrived at 7.30 a.m. local time, having completed the 1,995 miles from Foynes in 16½ hours on the second flight of the British Atlantic air-mail service.

Generalissimo Exhorts Shanghai Population To Continue Resistance

CHUNGKING, Aug. 13 (Central)—The erection of a spiritual and economic bulwark against the Japanese aggressor and continuance of the struggle for national existence in the most trying circumstances were enjoined upon the Chinese in Shanghai in a message issued by Generalissimo Chiang Kai-shek to-day, the second anniversary of the outbreak of the Shanghai hostilities in 1937.

Generalissimo Chiang said that on this occasion, the thoughts of Chinese naturally turned to Shanghai and their compatriots remaining in the fallen port.

Shanghai, the Generalissimo pointed out, had played an important role in China's reform movement during the past hundred years, especially in the Chinese Revolution. Since the Mukden Incident in 1931, economic, cultural, industrial, commercial and other circles in the port city had rendered valuable contributions to the task of national consolidation. During the opening stage of the Sino-Japanese hostilities, it witnessed the first glorious battles China's resistance and paved the way to China's final victory.

In spite of its fall Shanghai was the embodiment of the excellent Chinese morale and the rebirth of the nation during the past one-and-a-half year. The conspiracy of the enemy, puppets and traitors failed to dampen the undaunted spirit of the Chinese, which served as a great inspiration to the rest of the Chinese population.

BERLIN, Aug. 12 (Reuter)—The conversations between Herr Hitler, Baron von Ribbentrop, German Foreign Minister, and Count Ciano, Italian Foreign Minister, began at 2.30 p.m. to-day and lasted three and three-quarter hours, after which they were adjourned till to-morrow.

The scene of the talks, which may be decisive for peace or war, was the Fuehrer's spectacular "tea house" on the Kehlstein Mountain, near Berchtesgaden. Guests at this fairy tale fortress approach it by a tunnel driven into the heart of the mountain, then take a lift to the 7,000-foot summit.

Count Ciano and Baron von Ribbentrop returned to their hotel at Salzburg after the talks, and in the evening went to the open-air performance of Shakespeare's "Much Ado About Nothing."

NO INFORMATION

BERLIN, Aug. 12 (Reuter)—Count Ciano and Baron von Ribbentrop held a preliminary conversation this morning at the former's hotel at Salzburg, after which the German Foreign Minister hurried to Berchtesgaden to report to Hitler on the nine-hour talk he had with the Italian Foreign Minister yesterday.

The Nazi press has been allowed to hint that Danzig was the main subject under discussion. Circles close to Count Ciano say that the reports that Italy is desirous to exercise a moderating influence are totally untrue, while German spokesmen forecast no sensational.

Beyond this, no information is forthcoming except the assurance that the two halves of the Axis are working in perfect unison.

TALKS IN ENGLISH

The talks between Count Ciano and Baron von Ribbentrop are being held in English, as the latter does not speak Italian and Count Ciano does not understand German.

PRESS CHIES LOUD

BERLIN, Aug. 12 (Reuter)—The tone of the German is becoming steadily more menacing.

Volunteers For Blood Transfusion Scheme

Within one month of the inception of the national emergency blood transfusion scheme the first 100,000 volunteers have been registered and listed.

An official of the scheme, commenting on this result, says the first line of defence against death in air raids has been established. London was divided into ten sectors for the purposes of compiling a register, and in several of these the quota, varying from 8,000 to 10,000, has been exceeded and the authorities are now registering reserves.

Nearly half of the volunteers have "universal" blood in a category which is most useful for general transfusion. (BWS).

JAPAN AND THE AXIS

Inner Cabinet To Meet Again

TOKYO, Aug. 13 (Reuter)—At a press interview to-day, the Premier, Baron Hiranuma, stated that the Japanese Government would deal with the European situation along the lines of the decisions reached on June 6, in order to give the finishing touches to the measures at present being formulated on the basis of the results of the meeting of the Inner Cabinet held on August 9.

A further meeting of the Inner Cabinet will be held this week, the Premier announced.

Baron Hiranuma added that the Anglo-Japanese talks had nothing in common with the Government's European policy, which will be carried out along established lines.

No official statement has ever been issued concerning the Japanese decision to which the Premier referred, but it is generally believed that only limited support of the axis powers was agreed upon.

Read the following carefully if you please —

To celebrate the 82nd Anniversary of the Hongkong Daily Press, the oldest morning paper in Hongkong, which was established on October 1, 1857, a special supplement is to be issued. This will be printed on good quality paper and will be profusely illustrated, and it will give the best presentation of Hongkong yet attempted.

As the Hongkong Daily Press's 82nd Anniversary falls ten days before October 10, the Double-Tenth, which is China's National Day, it is proposed to commemorate the occasion in the same special supplement which will, therefore, also give a comprehensive account of the progress of the Republic of China as made under the guidance of the Kuo Min Tang.

It being the wish of the publishers of the Hongkong Daily Press to emphasize Sino-British friendship as the theme of the special supplement, a cover design clearly presenting this theme is being sought. With a view to securing a suitable design, it is proposed to hold a contest, the rules of which follow:—

HONGKONG DAILY PRESS 82nd ANNIVERSARY COVER-DESIGN CONTEST.

RULES.

1. The size of the design must be exactly 10½ inches wide and 15½ inches long, including the title.
2. The design may be done in colours but such colours must not exceed three in number. Gold or silver may, however, be added.
3. The central theme of the design must be "Sino-British Friendship."

4. Designs submitted must reach the Director of the Contest on or before August 31, 1939.

5. Competitors may send in as many designs as they wish but each design must be accompanied by a special form provided by the Hongkong Daily Press or clipped therefrom. The names and addresses of competitors must be written plainly in English on these forms but no name or mark shall be attached to the design itself.

6. Designs acceptable for the contest shall be divided into two classes:—

- a. Finished design.
- b. Design in outline or a description, or idea, of a design.

7. Prizes for the winning designs shall be as follows:—

"A" class—First prize	\$50
Second prize	10.
Third prize	5
"B" class—First prize	\$20
Second prize	5

8. Winning designs or ideas shall become the property of the Hongkong Daily Press but others may be returned upon application.

9. All winners will be given three months' free subscription for the Hongkong Daily Press. Non-winners shall be given a month's subscription free of charge.

10. Results of the contest will be announced not later than September 10, 1939.

11. The decision of the Contest Judges shall be final.

12. The Hongkong Daily Press reserves the right to use, or not to use the winning design for the cover of the Special 82nd Anniversary Supplement.

The following form must be filled in the hand-writing of the Competitor, properly signed, and securely attached to the design submitted.

Send all designs to—The Contest Director, Hongkong Daily Press, Marina House, Queen's Road, Central, Hongkong.

Your Screen Test

1. What was the name, before she entered films, of the actress recently married to Clark Gable?
2. What two Emily Brontë novels have been made into pictures?
3. What is the first movie from Hollywood in which the agents of a foreign dictatorship, pictured unsympathetically as called by their right names?
4. What screen actress recently was praised unanimously by New York theatre critics in what they called the greatest acting performance of her career?
5. In what picture (a) did an actor attract attention by flipping a coin; (b) was a comic pantomime once performed with two forks and two rolls; (c) did an actress sit and watch herself dance; (d) was an important appointment made for the 102nd floor of New York City's Empire State building?

Each question is worth 20 points. A score of 90 or above is colossal, 80 is excellent and 60 is good.

The Answers

1. Jane Peters (Carole Lombard).
2. "Jane Eyre" in which Virginia Bruce appeared; and "Wuthering Heights" with Merle Oberon, Laurence Olivier and David Niven.
3. "The Confessions of a Nazi Spy."
4. Katharine Hepburn, in "The Philadelphia Story."
5. (a) George Raft in "Scarface"; (b) "The Gold Rush," with Charlie Chaplin; (c) Shirley Temple in "The Little Princess"; (d) "Love Affair" Charles Boyer and Irene Dunne were supposed to meet there.

36,000 PLANES PER YEAR

MASS PRODUCTION PLANS IN THE UNITED STATES

THE UNITED STATES WILL SHORTLY BE IN A POSITION TO BUILD 36,000 STOUT, CHEAP, FAST AEROPLANES PER YEAR. EVEN MORE MIGHT BE CONSTRUCTED. FOR THIS IS AN ARBITRARY FIGURE BASED SOLELY ON THE FUSELAGE PRODUCTION OF A ROUND NUMBER OF UNSKILLED WORKMEN TOTALLING 2,000.

This spectacular achievement, eclipsing by the tens of thousands the planes which Germany can build in a year, which production forced the Munich agreement last September, will be soon an accomplished fact when the new, completely practical process for moulding fuselages and wings goes into commercial production.

Fuselage Problem
Hitherto, the bottleneck in plane production has been in the construction of the fuselage. All other plane parts and equipment can be made by mass production methods, yet each fuselage has always been handmade and has required days of work to put millions of rivets into its metal skin to hold the struts and stringers in place.

By the new process, two unskilled laborers can turn out an exceptionally strong fuselage, complete in two sections, in a little over two hours, ready for assembly. The process itself is a relatively simple one of forming plywood in a die, partially impregnating it with a phenolic resin, and then pressing it into a choicive, smooth-surfaced mass.

"Winged Fear"
Among officials there is little doubt that other nations will finally develop a like process. When this happens the "winged fear" that made Munich possible need never be repeated. No one nation will be able to cower another from the air long. It is believed that with planes so easily built, no one can maintain a preponderant number and the military plane will fall into a category like that of rifles, where the weight of numbers will have little influence on international relations.

GIRL'S SERIOUS ALLEGATION

A serious allegation was made by a 17-year-old Chinese girl, Chan Fung-kan, against her master, a Eurasian, in her report to the police on Saturday night, after she had been rescued when she plunged into the harbour while travelling on board the ferry, Man Tak.

In her report, she alleged that she had been thrice molested by her master, and the last time was seen by her mistress who had returned home, and her mistress ordered her out after assaulting her.

She was sent to the Queen Mary Hospital for medical examination.

After a five-month investigation tour, the Szechwan-Sikong Investigation Commission has returned to Chungking. They have made a thorough study of the political administration, conscription, policing, people's livelihood and economic reconstruction in these two provinces and are drafting a report to be submitted to the fourth session of the People's Political Council.

SOLUTION TO-MORROW

DEAD MAN'S IOU FOR £10,000 VALID

Judgment against the estate of the late Sir Thomas Lipton—famous yachtsman and tea blender—for £10,000 and interest from 1931 was given in the King's Bench Division on July 27 in an action started six years ago over a £10,000 I.O.U., signed by Sir Thomas.

Mr. Hugh Godfrey Nicholson, of the Swan Hotel, Thames Ditton, Surrey, sued the executors, claiming on the I.O.U., for services rendered to Sir Thomas. The action was being tried by order of the Court of Appeal.

Mr. Justice Gaseles, giving his reserved judgment, said the story started at the beginning of this century, when Mr. Nicholson then a man of means, began a friendship with Sir Thomas which lasted until the latter's death.

The Judge referred to the services upon which Mr. Nicholson relied in support of his claim. The first was in connection with Court proceedings in 1913. The second was for the introduction of Sir John Ferguson to the board of Liptons. The third was concerned with the sale of Sir Thomas Lipton's shares in Liptons.

In 1927, when he was bordering upon eighty, Sir Thomas signed the I.O.U.

Judgment was given with costs and a stay of execution for a month was granted with a view to a possible appeal.

MILLIONAIRE'S HEIR — A WAIF

LONDON, Aug. 4 (By Air Mail) — An adopted baby, whose parentage is being kept secret, was announced to-day as heir to one of the biggest fortunes in the United States.

He will grow up one of the sixth richest men in the world—and he came from a Chicago founding home.

The baby, aged two months, kicked and gurgled in the grounds of a magnificent country estate in Pennsylvania while his new parents, Mr. and Mrs. Richard King Mellon, announced his adoption.

LEFT £40,000,000

"Where did he come from?" Mr. Mellon was asked. He chuckled and replied: "The

stork brought him. My wife and I named him Richard Prosser Mellon."

Richard Mellon is nephew of the late Mr. Andrew Mellon, banker and U.S. Ambassador to Britain in 1932-33, who left £40,000,000.

He also shared with his sister £4,500,000 left by his father, Mr. R. B. Mellon.

MANY MORE

And he is expected to inherit many more millions. In time these will come to the mystery baby.

Richard Mellon is president of the Mellon National Bank and director of a dozen wealthy companies.

His wife is also an heiress. Her father was Seward Prosser, a great power in Wall Street.

Mr. Mellon, who is forty, was educated at Clare College, Cambridge.

Idleness Is "Evil Of Civilization"

"When people have too little to do and not enough to think about, sex is liable to play an exaggerated part in their lives, and that brings unhappiness," declared Professor J. A. Scott Watson in the inaugural address at Oxford on July 23 of the summer school of the British Hygiene Council.

Leisure was increasing, and they would have people devoting all their spare time to dogs and cinema, he added.

He urged the study of biology and said that it would teach them that man's enemies were not men and that war was unnecessary.

It would also show people that refusal to rear children would lead to a tremendous sense of failure in everything else they were doing.

"One of the most hopeful things to-day is that Mr. C. H. Middleton has the largest public of any broadcast speaker. There is much to be said for gardening exercising the faculties," added the Professor.

Illegitimate Child

The League of Nations has prepared a valuable survey of the legal position of the illegitimate child, and it hoped later to produce a report on the social side of the same problem.

The Christian view of marriage, which is common to most of Europe, has necessarily made a sharp barrier between legitimate and illegitimate children which has at some times and in some countries forced them into the condition of outlaws and has almost always severely handicapped their progress in life.

In many countries, it is true, public opinion has considerably modified the harshness of official disapproval, but even when social intolerance has been relaxed there has seldom been much redress on legal grounds.

In Eastern countries the lot of the illegitimate child is often equally unfortunate, though the report points out that this is as likely to be because their mothers are drawn from depressed or slave classes as because of the disapproval of society.

Initial Problem

The initial legal problem concerning illegitimate children is their name; law and custom vary from country to country and most have some merit, for, as the report admits,

this problem is all the more complicated inasmuch as the solution which would seem to be the most equitable is not always very satisfactory, for if the child is given his father's name his illegitimacy is none the less revealed if he is in the care of his mother, who will usually bear a different name.

"That particular difficulty can only really be overcome if the prejudice against illegitimate children is abandoned, at any rate in social life. Legally the child is liable to suffer most (and the mother perhaps even more so) from the law of inheritance.

Where the family is the basis of the community the illegitimate child is necessarily considered after the legitimate children or, as often as not, not at all. Only in countries where there is a free disposition of property is the child sometimes not penalised.

The mother may suffer in this fashion independently, and the report emphasises that the problem of the child cannot be separated from that of the mother. The first effects of intolerance will be felt by the mother and may perjure for ever the future of the child.

The Chekiang Provincial Budget for cultural and educational activities during the current year, amounting to \$2,508,571, has been approved by the Executive Yuan of the Chinese National Government. This figure shows an increase of \$781,875 as compared with the budget for the previous year, and this is accounted for by the fact that greater publicity activities have been carried on among the general populace since the outbreak of the current Sino-Japanese hostilities.

Ambulance With All Steel Body

DONATION BY CHINESE WOMEN IN BATAVIA

The formal handing over of a fully equipped ambulance, jointly donated by the Chinese Women's Association, Batavia, and the Hongkong Chinese Women's Club, will take place in Satute Square at 3 o'clock, this afternoon.

This ambulance with an all steel body, complete with seven steel welded stretchers, is of special construction and capable of accommodating fourteen heavily wounded. As a result of field experience, this vehicle has also been constructed to stand the strain of rough roads traversed in all war areas, and should therefore be a distinct improvement in service and comfort.

The ambulance to be donated jointly by the Batavia Chinese Women's Association and the Hongkong Chinese Women's Club is the first of its kind and construction to be presented by any organization to the Chinese Red Cross.

It is notified in the "Government Gazette" that Mr. Stephen Francis Balfour has been authorized to hold a Small Debts Court in the New Territories at the following places:—The Magistracy, Tai Po, the Land Office, Ping Shan, and the charge rooms of the Police Stations at Au Tau, Ping Shan, Sha Tau Kok, Sai Kung, Sha Tin, Sheung Shui, Lok Ma Chau and Castle Peak, with effect from August 9, 1939.

4 DOCTOR'S STORY

MAN DEVELOPS ASTHMA TO ESCAPE HIS WIFE

LONDON, Aug. 3 (By Air Mail)—Dr. Neil Beattie, of the Ministry of Health, told the London Group for Industrial Psychology, at their summer school here to-day, about a man who lacked the courage to stand up to his wife and "escaped" by developing such a bad attack of asthma that he had to go to St. Mary's Hospital, Paddington.

At St. Mary's he lost his asthma, but it returned as soon as he went home to the "dragon."

UNHEALTHY HOMES

Discussing "unhealthy homes," Dr. Beattie said that the worst type was the mother or woman-dominated home, where father had to leave his boots outside and must not smoke except in the toolhouse.

The second was father or man-dominated home, "where everything that papa wants is given him and the whole organization of the home revolves around him."

The third was the child-dominated home. This was generally where there was an only child who ruled his parents "as a general orders his troops about."

TASK FOR TWO

"The healthy home," said Dr. Beattie, "is one in which the father and mother have entered into a marital relationship based upon the principle of co-equal partnership, and where it is realised and understood that marriage is a task for two persons determined to enrich and relieve each other's lives."

"That sentence," he added, "should be printed in large letters on every marriage certificate."

H.E. the Governor has approved of the relinquishment of the appointment of Lieut. Comdr. Reginald Robert Helbert, R. N., as his Honorary A.D.C.

Capt. A. B. Whatman, will speak on "A Year in the Arctic" at tomorrow's fifth meeting of the Rotary Club in the Hongkong Hotel. The talk will be illustrated with lantern slides.

During the absence on leave of Gerr H. Gipperich, Consul-General for Germany at Hongkong, Mr. A. Gelewsky will, until further notice, be in charge of the Consulate-General for Germany.

Mr. Taki Oda will be in charge of the Japanese Consulate-General during the absence from the Colony of Mr. Akiyoshi Tajiri, Consul-General for Japan at Hongkong.

H.E. the Governor has appointed the Hon. the Commissioner of Police to be the Proper Authority for the purposes of sections 5, 8, 7, 9, and 10 of the Compulsory Service, 1939, No. 32 of 1939.

It is notified that junk, sampans and other Chinese vessels are prohibited from anchoring or mooring in Kowloon Bay north of an east to west line 500 yards south of the seawall of the landing area at Kai Tak Airport.

It is notified that during the absence on leave of Dr. Frans Albert van Woderden, Acting Consul-General for the Netherlands at Hongkong, Mr. Duco Gerrit Eduard Middelberg, Consul, will be in charge of the Netherlands Consulate-General.

In connection with the Flower Day, organised last month on the second anniversary of the Sino-Japanese hostilities (July 7), it was announced by the United War Relief Association on Saturday that sums of \$22,000 Hongkong Currency, and \$3,200 in Chinese National Currency, were realised. Over 200 comedians were responsible for the collection.

KOWLOON UNION CHURCH TO APPLY FOR ENACTMENT OF BILL FOR INCORPORATION

Notice is given in the "Government Gazette" that the Kowloon Union Church intend at an early date to apply to the Legislative Council of the Colony of Hongkong for the enactment of a Bill intituled "An Ordinance to provide for the incorporation of the Kowloon Union Church."

A Copy of the proposed Bill is printed hereunder.

Dated this 8th day of August, 1939.

WILKINSON & GRIST.

Solicitors For The Kowloon Union Church.

An Ordinance to provide for the incorporation of the Kowloon Union Church.

Be it enacted by the Governor of Hongkong, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Kowloon Union Church Incorporation Ordinance, 1939.

2. The Trustees for the time being of the Kowloon Union Church shall be a body corporate under the name of the "Trustees of the Kowloon Union Church" (hereinafter referred to as "the Corporation").

3. The Corporation by the name aforesaid shall have perpetual succession and shall may sue and be sued in all Courts and shall may have and use a common seal and may from time to time break, change, alter and make anew the said seal as to the Corporation may seem fit.

4. The Corporation shall have power to acquire, accept leases of, purchase, take, hold and enjoy any lands, buildings, messuages or tenements of whatever nature or kind soever and wheresoever situated also any endowments of the Kowloon Union Church and the investments and securities representing the same, and also to invest monies upon mortgage of any lands, buildings, messuages or tenements or upon mortgages, debentures, stocks, shares or securities of any Government, Municipality, Corporation, Company or person and also to purchase acquire and possess goods and chattels of whatever nature and kind soever.

5. The Corporation shall further have power by deed under its seal to grant, convey, assign, lease, surrender, exchange, partition, yield up, mortgage, demise, reassign, transfer or otherwise dispose of any lands, buildings, messuages, tenements, mortgages, debentures, stocks, funds, shares or securities, goods and chattels which are for the time being vested in or belonging to the Corporation upon such terms as to the Corporation may seem fit.

6. John Edgar Anderson, Leonard Starbuck, Robert Taylor, James Downey Thomson and the Reverend Frank Short having furnished to the Governor satisfactory evidence of their appointment as Trustees of the Kowloon Union Church until their respective death, resignation or the termination of their respective appointments.

7.—(a) When any other persons are appointed Trustees of the Kowloon Union Church in accordance with the Constitution of the said Church such persons shall within three weeks after appointment or within such further time as may be allowed by the Governor, furnish the Governor with satisfactory evidence of their appointment.

(b) A notification in the Gazette under the hand of the Colonial Secretary that such evidence has been furnished to the Governor by any such person shall be conclusive evidence of such appointment.

8. All deeds and other instruments requiring the seal of the Corporation shall be sealed with the common seal of the Corporation and signed by at least two of the Trustees.

9. All that piece or parcel of ground registered in the Land Office as Kowloon Inland Lot No. 2174 together with all rights, easements, and appurtenances thereto belonging or usually held, occupied or enjoyed therewith are hereby transferred to and vested in the Corporation for the unexpired residue of the term of years created by the Crown Lease thereof together with the right of renewal contained in the said Lease, subject to the payment of the rents and the performance and observance of the covenants and conditions therein contained and subject to all mortgages and charges (if any) in respect thereof.

10. The services at the Kowloon Union Church shall be regulated

and conducted in accordance with the constitution of the said Church in such manner as to provide that fellowship in public worship and in spiritual communion and service which is the privilege and usage of all Christians and to spread the knowledge of the purpose of God in Jesus Christ and of different countries in the worship of God in accordance with the principles and usages of Protestant Evangelical Christians.

11. Nothing in this Ordinance shall affect or be deemed to affect the rights of His Majesty the King, his heirs or successors or the rights of any body politic or corporate or of any other person except such as are mentioned in this Ordinance and those claiming by from or under them.

12. The expression "Kowloon Union Church" shall where the context so permits refer not only to the buildings erected upon Kowloon Inland Lot No. 2174 of other the Church buildings from time to time used as the Kowloon Union Church but also the members of the said Church duly enrolled in accordance with the Constitution of the said Church.

The expression "The Constitution of the said Church" means the code of rules and regulations for management and conduct of the Kowloon Union Church adopted by the Members thereof at the date of this Ordinance or as the same may be altered from time to time in the prescribed manner.

Objects And Reasons.

The Kowloon Union Church is at present managed by a Committee of Management which is elected at the Annual Meeting of the Members of the Church. The Church has acquired a property registered in the Land Office as Kowloon Inland Lot No. 2174 and have constructed thereon a Church building and manse.

The Crown Lease is at present granted to the Trustees of the Union Church in Hongkong.

2. The Church also has certain endowment funds invested in local securities.

3. In order to secure perpetual succession and other advantages of incorporation, it is proposed that Trustees be appointed with the title of "Trustees of the Kowloon Union Church" and that such Trustees be incorporated and the Ordinance now proposed follows in its main lines other incorporation Ordinances which have been passed from time to time especially Ordinance No. 19 of 1931.

LANDING LIGHTS

AIRCRAFT OWNERS NOTIFIED

The "Government Gazette" publishes the following notice to aircraft owners and ground engineers with regard to landing lights:—

1. On and after the 1st January, 1940, aircraft are to be equipped with landing lights (lamp on wing tip planes) for flights by night when passengers or goods are carried for hire or reward, or whether for hire and reward or not where the carriage is effected by an air transport undertaking, or when a pilot qualifying for a Class "B" licence is carrying out night flying tests.

2. When landing lights are fitted to a civil aircraft in order to comply with the requirements in respect of the particular flights referred to in paragraph 1 above, the lamps or flares must be an approved type. Application for the approval of new types of landing lights should be made to the Director of Air Service, and the procedure to obtain approval will be in accordance with that laid down in leaflet AS of Vol. I of Air Publication 1208, Airworthiness Handbook of Civil Aviation.

3. The following types of landing lights have already been approved for use in civil aircraft, and must be used in conjunction with the type or types of bulb recommended by the manufacturers of the lamp. It should be noted, however, that lamps absorbing less than 200 watts do not, in general, provide sufficient illumination for landing purposes. A specification of suitable filament lamps of 200, 240 and 350 watts which have been standardized is to be issued shortly.

4. The voltages quoted are the nominal voltages of the lighting system, and it is not necessarily safe to apply these voltages direct to the lamp terminals, as in some cases the bulbs have been designed on the assumption of a certain voltage drop in the wiring.

Merchant Shipping Ordinance Amendment

The following is published in the "Government Gazette":—

In exercise of the powers conferred by Section 38 (2) and subsections (1) and (2) Section 42 of the Merchant Shipping Ordinance, 1899, the Governor in Council amends Table F in the regulations made under the said Ordinance and published on page 319 of the Regulations of Hongkong (1937 Edition).

1. The heading thereto is rescinded and the following substituted therefor:—

Regulation and conditions limiting the number of passengers which may be carried on River Steamers.

2. Regulation 6 is rescinded and the following regulations are added:—

6.—(1) On the lower deck one passenger shall be deducted for each 6 superficial feet and on the upper deck one passenger shall be deducted for each 9 superficial feet where part of the deck is used for the stock (including fish) or cargo.

(2) Where part of the deck is used for live stock (including fish) or cargo such part shall be separated from the space intended to be occupied by passengers by means of expanded metal or other barriers not less effective so constructed as to prevent excreta and other liquid refuse from flowing or being carried into the space occupied by live stock (including fish) and cargo and also to prevent liquid from fruit or vegetables, cattle excreta or other liquid refuse flowing or being carried into the space intended to be occupied by passengers.

7. Passengers, other than bona fide attendants on live stock (including fish), shall not be carried in the space reserved for live stock (including fish) or cargo.

8. Passengers shall not be carried in the crew's quarters.

9. An owner or master who does not comply with the requirements of any of the foregoing regulations shall be liable to a fine not exceeding one hundred and fifty dollars.

SUPPLEMENTARY AIR ROUTE

Commencing last week Imperial Airways have added a weekly supplementary service, out of Hongkong, to a part of the Empire route.

Each week, one section of the Monday's double service leaving Kai Tak will continue from Bangkok to Calcutta, carrying mail. The return trip from the Indian port will be made on Wednesdays, the plane arriving in Hongkong on Thursday.

This new temporary arrangement does not change the regular mail schedule, nor does it offer added postal or passenger service in or out of Hongkong. It is mainly for relief of the congested Empire route.

The local Imperial Airways flying staff and equipment, at present, under control of the local manager, Mr. M. H. Curtis, includes four sets of crews: Captain Joe Davies and First Officer I. Harvey, arriving to-day from London, Captain A. B. Dykes and First Officer W. J. Bressy, Captain J. N. Wilson and First Officer J. A. Samuels, Captain L. J. M. White and First Officer J. Raeburn. The four aircraft stationed in Hongkong are Dorado, Denebola, Dardanus, Delphinus. The Delta, another plane of the same design, is undergoing a quarterly overhaul at Kai Tak.

MURDER CASE REMANDS

Formal remand of one week was ordered by Mr. Q. A. A. Macfadyen at Kowloon Court on Saturday in the case in which Li So, alias She Wong-so, 25, Leung Yung, 28, and Pun Fu, 38, are charged with the murder, with others not in custody, of Fong Sang, at Apili Street, Shumshulpo, on July 6.

system, and it is not necessarily safe to apply these voltages direct to the lamp terminals, as in some cases the bulbs have been designed on the assumption of a certain voltage drop in the wiring.

NAVY'S NEW NAMES

Fifty-two names of ships to be built under this year's naval programme are announced. Many of them are old Navy names, like Nonpareil and Indefatigable. Others only came into the Navy List in the Great War, and several (among them the Blackpool) are new. Indefatigable goes to the aircraft-carrier.

Nearly all the new ships of this type are carrying on the great names of the battle cruisers that fought under Beatty, and the Indefatigable of that day was blown up in the Battle of Jutland.

Among the sixteen destroyers, five bear names that figure in the records of Jutland, including the Nestor, in which the gallant Barry Bingham won his V.C. All the other new destroyer names, except one, figured in various "scrapes" in the war.

The Exception

The exception is the Martin, that has been in the Navy List almost continuously since 1694. Twenty new escort vessels are all named after famous "hunts"—Quorn, Pychley, Catstock, and so on—with one notable omission, the Belvoir.

Other new names are among the minesweepers, and there may be some dispute among municipalities about the Bangor. Is the a Welsh or a Northern Ireland name? Bridlington, Blackpool, Blyth, Rothessay, and Peterhead are Northern representatives, while the South gets only Bridport and Rye. The new fast minelayer is to be called the Welshman.

There are still two dozen more ships in the current programme whose names have not yet been announced. They include the two battleships.

HONGKONG, AUGUST 14, 1939

SURRENDER

THE DECISION of the Chamberlain Government to hand over the four Chinese suspected of complicity in the murder of the puppet Superintendent of Customs at Tientsin and with being members of an "illegal organization" is nothing more or less than abject surrender to the demands of the Tokyo militarists. It is unwise, unjustified and highly dangerous, and its enforcement will have most serious repercussions. Apart from the loss of all safeguards for the future, Britons in this part of the world have the satisfaction of knowing that again they have been let down by their Prime Minister whose kow-towing to the Japanese and whose acceptance of their blackmailing and browbeating is causing much disgust and uneasiness. British honour and prestige in the Far East was a matter of which we all were proud until Mr. Neville Chamberlain took over the reins of Government. At present, however, it is at its lowest ebb as a result of the weak-kneed policy of the Chamberlain Government and is likely to drop even lower.

HUNGARY
INTIMIDATES
NEWSMEN

BUDAPEST, Aug. 12 (Reuter)—Foreign newspaper correspondents here were summoned to-day to the Foreign Ministry and informed that expulsion within 24 hours would be the penalty for sending abroad reports of certain rumours, with particular reference to reports that Germany has demanded the resignation of the Prime Minister, M. Teleki.

The official who made the statement added that the order was received direct from the Prime Minister.

REGISTRY WEDDING

Mr. Chan Siu-wai, engineer, of No. 379 Nathan Road, and Miss Cheung Bo-king, of No. 13 Yim Po Fong Street, were married on Saturday at the Registry, Supreme Court. Mr. T. J. Gould, Deputy Registrar of Marriages, officiated.

and our position in the future will be gravely jeopardized. WHAT GUARANTEES are there that these four unfortunate men will receive a fair trial apart from Tokyo's worthless promises? What assurances have we that they will not be tortured and brutally done to death, as most probably they will be? What safeguards are there that other Chinese residents of the concessions and settlements they will not be victims of similar framed-up charges and handed over to the Japanese? For are not all Chinese members of an organization that is illegal in the eyes of the Japanese—members of the Chinese race and citizens of the Chinese Republic? Mr. Chamberlain and his associates assert that they are satisfied that a prima facie case has been made out against the four men. Why this sudden volte face when, only up to a few days ago, the Japanese were able to produce only the flimsiest evidence? If the Japanese had sufficient evidence, why wait until now to produce it? Why was it not produced before when fuss and ill-feeling could have been averted? The answer is fairly obvious. The evidence produced must be very weak and the Japanese were determined to start an anti-British campaign with or without this case as an excuse.

DELIVERY of the men to the Japanese-controlled courts for "trial" instead of to the proper and competent Chinese authorities is a direct and open breach of the treaties which Britain has signed with China and, as the Chinese Ambassador's Note to the Foreign Office rightly points out, it might be interpreted as de facto recognition of an illegal regime and involve far-reaching political principles and consequences.

IT IS SATISFACTORY to note that the Home press has taken a strong stand in the case and that the newspapers, which, after all, represent the opinions of the British people, who are entirely in disagreement with the Chamberlain Government in its appeasement policy in the Far East, are dealing with the matter in decidedly vigorous terms for they know that Japan will not be satisfied with the handing over of the four men but will continue to present demand after demand so long as they feel that there is any hope of acceptance. In view of the fact that writ of habeas corpus is still sub judice, we will defer comment on that for the present but we are sure that it has the support of the majority of British people who believe in justice and fair play.

IN THE NAME of British honour and fair play and in the name of justice and humanity, we appeal to Mr. Chamberlain to reconsider his decision before it is too late. We appeal to him to remember that the delivery of the four men is contrary to all tenets of international law, British law, and Britain's obligations under Article 21 of the Tientsin Treaty with China.

Miss Daphne Wong, daughter of Mrs. C. P. Wong, was married to Mr. Ngan Chung-ki, son of Mr. and Mrs. Ngan Kwan-yin, at the Kowloon Union Church on Saturday afternoon. The Rev. Frank Short officiated. Miss Laura Tan and Miss Rosie Cheung were bridesmaid and flower-girl, and Mr. Ngan Yau-kwai, best man.

Hello & Goodbye

(BY A. W. HYER)

The American President Line and the officials of the Hongkong & Kowloon Wharf & Godown Co. deserve congratulations. Between these two outstanding shipping companies a baggage system is slowly, but surely, being put into effect on the piers and the new system and efficiency leaves little to be desired but that other large steamship lines will avail themselves of the privilege.

Six hundred and eighteen pieces of baggage for the Pres. Taft passed efficiently and quickly through the Godown Baggage Terminal last Friday. There were no coolies jamming the pier with luggage or annoying ship visitors and passengers on board.

All the baggage was deposited at the Terminal and from there the passengers' troubles were over, the coolies of the American President Line and the Hongkong & Kowloon Wharf & Godown Co. transporting all the baggage to the stateroom or baggage hold as the case may be.

President Taft:

FRIDAY, 10 A.M. the President Taft was in from her call in Manila.

Mr. and Mrs. G. A. Goodban returned from a delightful honeymoon in the Philippines. The Headmaster of the Diocesan Boys' School and his lovely bride were presented with a well populated and happy welcome home on their arrival.

And back from several weeks of visiting friends in Manila and tending to business came Mr. and Mrs. A. B. Tyrrell, of the Radio Corporation of America. Just how long they will remain in the Colony before they start off for a visit to Shanghai is indefinite.

Mr. C. G. Solis, our Director of Education, returned from a short holiday in the Philippines and he certainly picked up a healthy and lovely tan in the south!

U.S. Bound:

SATURDAY, 8 A.M. a sleepy group of passengers stood at the President Taft's rail and bid friends and Hongkong adios. The American President Line's steamer was off, bound for Shanghai, Japan and American ports.

The sleepiest passenger of the lot was the well-known local Manager of the American President Line, Mr. T. B. Wilson. Urgent business calls this jolly, rotund executive to the Shanghai office of his company. Probably he'll be sailing home in the President Cleveland this week.

Another member of the local American President Line office taking his departure from our city and travelling to his family in San Francisco, was Mr. E. R. Hearther. Six months vacation are in store for the well-known "bowler" and what a send-off friends gave him the evening before sailing!

A very quiet and almost shy person is Mr. C. G. Brooks who is on a vacation par excellence. This Canadian who has been living in South Africa for the past fifteen years has stuck to the grindstone for over ten decades. Now he will enjoy six months and more of travelling and renewing acquaintance with Canada and America with a flight across the Atlantic and a visit to England and Europe.

Mr. F. Abraham, official of the Valveline Oil Co., and a recent arrival by Pan American Airways,

Clipper from San Francisco, took to the sea to continue his travel and sailed for a business visit in Shanghai.

m.v. Victoria:

SATURDAY, 11 A.M. there were crowds of people climbing the gangway to the m.v. Victoria which had just arrived in port from Shanghai.

The outstanding passengers aboard on the trip from the North were Mr. and Mrs. Cyril Rogers. This gentleman has meant "news" to everyone in the Far East during the past month, as he represents the British Government and the Bank of England in all affairs relative to the Anglo-Chinese Stabilization Fund.

Mr. I. A. Belth, executive official of Jardine, Matheson and Co., Ltd., travelling down from Shanghai for a short business call and meetings.

Business affairs bring Mr. M. Michaux, of Ucometal, and Mr. A. E. Salvesen, of Siemens Co., down to our city for a few days. Conditions in the north could be better and everyone has hopes.

Genoa Bound:

SATURDAY, 6 P.M. and with the regular three whistle blasts the m.v. Victoria moved down the bay heading for southern ports and Genoa.

With much excitement Mr. and Mrs. C. Mose with their two children were sailing on a holiday. The official in the local Lloyd Triestino office held a ticket to Genoa which city, and several others in Italy, he will inspect and visit. The rest of the family are holidaying in Singapore and Batavia. Within three months they will be returning to their home here.

Commander J. C. Rodriguez Coelho was besieged by friends and acquaintances bidding him bon voyage on his journey to Genoa.

Mrs. T. K. Tseng and a group of relations were returning to Singapore. Their going-away party was just as crowded as that of their arrival ten days ago. And little Miss Lily Lee was the most popular member belle on board ship, the last hour before sailing. Hundreds of friends crowded her cabin and the hallways, wishing to say "goodbye" and presenting flowers and gifts. The lovely little Chinese lady is travelling to Genoa.

SOVIET-JAPANESE
OIL WORKERS
AGREEMENT

MOSCOW, Aug. 12 (Reuter)—An agreement has been signed between the Japanese-owned "North Sakhalin Oil Company" and the Soviet Oilfield Workers' Trade Union.

The company agrees to increase the Soviet workers' wages by 15 per cent. to provide creche, kindergarten and other benefits. Simultaneously the Soviet Fuel Industry Commissariat agreed to the importation of 450 Japanese workers into the oilfield.

H.K. OBSERVES
SHAI WAR
ANNIVERSARY

The second anniversary of the outbreak of Shanghai hostilities was observed locally yesterday, when large gatherings assembled at various places, while the "Offer Gold" campaign was continued.

A meeting was held at the Chinese Chamber of Commerce, when the Chairman, Mr. Phillip Gockchin, presided.

The workers of the Chung Hua Book Store contributed a portion of their salaries to the "Offer Gold" movement.

Newsboys also sold Chinese papers for patriotic donations. Meanwhile, a movement was started to eliminate newspapers which are the mouthpieces of Wang Ching-wel, the expelled Kuomintang leader. Handbills were distributed by a "Hongkong Association for the Elimination of Traitors' Newspapers," urging the public not to read such newspapers, the newsboys not to sell them and the printers not to print them.

Chinese actors and actresses also did their part to swell the war chest. Dramatic performances were held at Lee Theatre and Ko Shing Theatre, while the Queen's Theatre gave an extra movie show.

Sing-song girls raised funds by singing at the roof gardens of the China Emporium, and the Sincere Company, and the Lin Heung, Wan Heung and Tim Nam Tea Houses.

STABILIZATION
PARLEY

In connexion with the stabilization of the Chinese National currency, the Bank of England expert, Mr. C. Rogers, who arrived in the Colony from Shanghai in the m.v. Victoria, and the Vice-Chairman of the General Affairs of the Chinese Government, Mr. Tsi Kam held a meeting on Saturday at which representatives of local Banks were present.

DEADLOCK IN
OIL TALKSControl Question
Causes Split

WASHINGTON, Aug. 12 (Reuter)—Mr. Sumner Wells, acting Secretary of State, at a press conference to-day said that he expects to hold further conferences with representatives of the Mexican Government and American oil companies concerning the oil negotiations, which at present are deadlocked over the question as to whether the Mexican Government or the oil companies should control the future operations of the oil properties.

OILFIELD SHUT-DOWN
ADVOCATED

AUSTIN, TEXAS, Aug. 13 (Reuter)—In order to meet the situation resulting from the cuts in price of crude oil, a shut-down of the vast Texas oilfields for 30 days was advocated yesterday by a majority of members of the Texas Railroad Commission, which regulates the production of crude oil.

Immediate reductions in the price of crude oil ranging from five to 32 cents a barrel were announced by two American oil producing companies yesterday.

NAVY'S CRUISE
TO SOUTH

SINGAPORE, Aug. 12 (Reuter)—Twelve submarines, with the depot ship, Medway, and the destroyer Westcott, are expected here on Wednesday from Hongkong.

The aircraft carrier Eagle and the destroyer Defender are also visiting Singapore from Hongkong. The submarines are to stay for a fortnight's exercises, while the Eagle is staying for several weeks.

RETURNING IN OCTOBER
H. M. S. Eagle and H. M. S. Defender left for Singapore on Saturday. The submarines, Grampus, Odin, Olympus, Otus, Ralabow and Rorqual will also be off to the south for exercises.

It is expected that the ships at Singapore and at Weihaiwei will all have returned to Hongkong in the beginning of October. The Commander-in-Chief, Admiral Sir Percy Noble, is still in Weihaiwei on board the flagship H. M. S. Kent.

WEST CHINA, LAND
OF OPPORTUNITYProf. S. Lautenschlager
Speaks At Y.M.C.A.

Go West, young man, to West China! There a New China is being built. There lies so much of the undeveloped wealth of China. There, 2,000 years ago, an engineer named Li Ping built a system of irrigation works that gave to Szechuan a soil productive of four crops an year.

When Li Ping died he left his people an arable and well-watered land. They remembered the message he had left them—"Dig the channels deep, and keep the dykes low." And to-day the soil is as productive as it was, and extends a welcome to such as would return.

And there, where was Shu of the Three Kingdoms, the people of China are moving back. They are returning to where the old gateways were to the western world, and to where the old Silk Road began.

They are bringing with them the culture of post-Revolution and of pre-War China, and there flourishes the culture of war-torn

China and lives the tradition of Old China, and from a blend of these cultures is being born the culture of New China.

Such was the substance of a talk given last night by Professor S. Lautenschlager, of Lingnan University, before a meeting of the European Y.M.C.A. Discussion Group. The Professor is leaving himself, in due course, for West China, where he is to hold a chair at one of the Colleges.

The Professor gave glowing accounts of the wealth of West China, and of the possibility of small industry (as opposed to "big" industry)—and here the Industrial Co-operatives were specially mentioned as destined to play a leading part in opening up the country.

CHINA LODGES
PROTEST

Continued from Page 1

Dr. Quo draws attention to Article 21 of the Treaty of Tientsin, providing for the delivery of Chinese offenders "on due requisition by the Chinese authorities addressed to the British Consul," and points out that in the present case the demand for delivery of the prisoners is made not by a competent authority of the Government of China but by the Japanese Army and its puppets.

Surrender to Japanese-controlled courts of these alleged suspects, declares the communication, would be unjustified on legal grounds and would in fact be inconsistent with the tradition of British justice by removing all chances of a fair trial.

The handing over of the men might further be interpreted as de facto recognition of an illegal regime and involve far-reaching political principles and consequences, states the Chinese Ambassador.

EVEN "TIMES" CRITICAL
LONDON, Aug. 12 (Reuter)—"The Times" considers that the Japanese admittedly did their best to exacerbate and prolong the Tientsin dispute, notably by refusing to produce in Tientsin fresh and conclusive evidence they now costily divulged.

But the local British authorities, clearly divided in opinion, hardly made the best of a difficult situation.

The Government was presumably prepared to weather the unfortunate affect the decision was bound to have in China, America and elsewhere, but the question Englishmen were asking was:—

If, whether and why the surrender of the suspects was unconditional.

It should not have been impossible for the Government to stipulate that the Japanese should reaffirm by some specific act their often-expressed regard for legality?

There was for instance, the case of Colonel Spear.

ASTONISHMENT

There can be no doubt, continues "The Times," that the Japanese, even if they had been taught to reject the legality of our manifold other grievances against them, will regard with astonishment any concession to the wishes of their Army as long as that Army still holds a high British officer prisoner with complete impunity.

The "News Chronicle" says that there is no sound basis for deciding this question on purely legal grounds.

APPLICATION FOR WRIT
OF HABEAS CORPUS

SHANGHAI, Aug. 12 (Reuter)—Mr. H. A. Reeks and Mr. J. H. Jones, of the law firm of Ellis and Hays, this morning filed, in their own names, with Assistant Judge P. Grant Jones, of H.M. Supreme Court for China, an affidavit for a writ of habeas corpus in connection with the four Tientsin suspects.

Ellis and Hays received late during the night instructions from interested persons in London to file the application for a writ.

Assistant Judge P. Grant Jones deferred his decision on the application.

N.Y. EXCHANGE
MARKET

NEW YORK, Aug. 12 (Reuter)—The dollar sharply advanced on Friday as exchange market commitments to the Mendelssohn Co. were closed out, while other currencies were also firm, except the bottomless Shanghai dollar.

Coincident with a sharp narrowing of the discount on forward sterling, a trader pointed out that the British Equalisation Fund was vigorously intervening in order to protect the London money market from a rise which might have been caused by a widening of the discount on forward sterling.

There is a likelihood of additional gold sales from earmarked supplies, while Thursday's release from the earmark amounting to U.S.\$28,368,000 is also believed to be largely on British account, with the American Stabilisation Fund a profitable buyer.

BRITAIN LOOKS TO
IRON RESERVES

LONDON, Aug. 12 (BWS)—Discussions are taking place between the Ministry of Supply and the British Iron and Steel Federation, concerning the acquisition of a reserve of iron ore.

The hearing, which was taken in Chambers, lasted for three hours.

Judge Grant Jones raised two points in particular.

Firstly, he was not certain that this rule was applicable outside the Realm and Dominions.

Secondly, he questioned the authority of the people applying to act on behalf of Chinese prisoners.

Judge Grant Jones promised to give his decision as expeditiously as possible—probably on Monday.

PROTESTS ADDRESSED
TO GOVERNMENT

LONDON, Aug. 12 (Reuter)—Telegrams of protest to Lord Halifax, the Foreign Secretary, followed the decision of the British Government to hand over to the Japanese-controlled Chinese administration of Tientsin the four Chinese suspects detained in the British Concession there.

The action of Professor Norman Bentwich and Miss Margery Fry, who informed Lord Halifax they were applying to the British Courts in China for a writ of habeas corpus, is endorsed by the London Trades Council, which also sent a telegram to Lord Halifax, and by the China Campaign Committee, which points out that "certain death" awaits the suspects.

"PARTY TO JAPAN'S
WAR IN CHINA"

LONDON, Aug. 12 (Reuter)—The China Campaign Committee has sent a letter to Lord Halifax in which it is declared that "to hand over the four Chinese is to make the British Government a party to Japan's war in China."

The letter adds that the Chinese would be handed over to certain death, while the British Government would be taking "another step in the policy of appeasement embodied in the signing of the Tokyo formula which did, in fact, extend de facto rights to the Japanese illegal occupation of certain parts of China."

WIDE SCOPE OF WORK OF INTERNATIONAL RED CROSS IN RELIEVING DISTRESS

CHUNGKING, August 12 (Central).—In the first six months of 1939, the International Red Cross Committee for Central China spent \$339,928.90 for hospital subsidies, medical treatment, refugee relief, special grants to hospitals and miscellaneous grants to orphanages and other relief organizations.

The figure does not include hospital subsidies given by the Hankow office of the committee, nor drugs donated to the various hospitals. More than 60 per cent of the amount was used for refugee relief purposes.

When the Committee was inaugurated in September, 1937, in Hankow, with Madame Chiang Kai-shek as patron, it was entirely supported by individual contributions from abroad. Since the formation of the British Relief Fund for Distress in China and the American Church Fund for China, it has been mainly relying on these two foreign organizations.

In addition to cash donations, the Committee also receives donations in drugs from foreign countries.

The Committee is subsidizing 80 civilian hospitals in 12 provinces with approximately 4,000 beds for the wounded, sick refugees and air raid victims. For each inpatient, the committee gives 50 cents a day, and for each outpatient, 10 cents a treatment. An

average of 1,000 cases are being treated at its clinics daily.

Special cash donations in drugs are also made to various hospitals. All drugs and other stores, such as refugee clothing, are delivered direct to the hospitals free of transportation charges and customs duties.

In collaboration with the National Relief Commission, the Committee is looking after various refugee camps, particularly those in the "occupied" areas where the National Government would have difficulties to administer direct aid. With the League of Nations Epidemic Commission, it is seeking to prevent and suppress epidemics.

In addition, it is interested in the programme of the lodization of salt for Yunnan and Kweichow, where the staple generally lacks iodine.

Rehabilitation Of Spain

AMBITIOUS PLAN REPORTED

PARIS, Aug. 13 (Reuter).—Far-reaching plans for the rehabilitation of Spain are reported to be under consideration by Franco's government, according to Havas' Tangier correspondent.

It is proposed to give Spain an air force of 1,000 war planes, a standing army of 350,000 men and a fleet of 250,000 tons.

Towns, roads, bridges and canals damaged during the civil war will be reconstructed, and new canals and railways will be built. Ports will be enlarged, while the whole peninsula will be electrified.

Industrial and agricultural production will be increased to the maximum, imports reduced to the minimum and a system of partial economic autarky introduced.

APPOINTMENTS

PARIS, Aug. 13 (Reuter).—The Spanish Government has approved the appointment of General Gambara as Italian Ambassador to Spain in succession to Count Di Campello, according to Havas' Tangier correspondent.

General Jordana, former Foreign Minister, has been appointed President of the Superior Council of State. He will preside at the private council which will advise Gen. Franco independently of the government, and the Falangist Party.

It is also reported that Gen. Villa, former War Minister, will be appointed President of the High Military Court, a position which has been vacant since February.

FREEMASONRY OUTLAWED

MADRID, Aug. 13 (T/Ocean).—Vigorous action by the Spanish Government against freemasonry was announced by the Minister of the Interior, Senor Serrano Suner, in an article in the Falangist organ, "Arriba," on Saturday.

The Minister says that Spain will take the "severe measures" in order to put an end to the criminal activities of freemasons, and that she will not tolerate any attempt to sow seeds of discord among the Spanish youth.

SPAIN'S NATIONAL PAPERS LOST IN BLAZE

MADRID, Aug. 13 (Reuter).—Many of Spain's most valuable historical documents were destroyed yesterday when fire gutted the National Record Office at Alcala Henares, 12 miles outside Madrid.

The average annual increase in note issue before the outbreak of the war was around 100,000,000 yen.

"The huge increase in note circulation would not be dangerous if paralleled by an expansion of Japan's economic activity," says the "Asahi Shimbun," but unfortunately this does not seem to be the case.

"An industrial expansion must necessarily be followed by an increase in the nation's power of absorbing bonds. As a matter of fact, there has been no appreciable increase in the amount of bonds held by financial institutions and the general public. The amount of bonds now in the vaults of the Bank of Japan suggests that any substantial expansion in the nation's economic activity has yet to come."

Further evidence that the increase in notes in circulation is a thing on which the Japanese cannot congratulate themselves unconditionally is furnished by the fact that there is a growing shortage of consumer goods, due to a decline in the production of such goods, resulting in an inevitable mounting tendency in prices.

The "Asahi Shimbun" calls on the Government to face the fact that there will be an increase in notes in circulation so long as the present rising tendency of commodity prices continues and describes the future outlook as a happy one for financial circles, but not for the State.

China War:

GUERRILLAS IN CANTON SUBURBS

SHIUNG, Aug. 13 (Central).—Six hundred Japanese and puppet troops have been called back to Canton from Samshui to guard against the increasing activities of Chinese guerrillas in the Canton suburbs.

Reports from the Chaochow front state that, under the escort of six planes, Japanese units from Chaochow launched an attack on Fungkal, twenty-two miles north of Swatow and only three miles from Chaochow, on Wednesday. After encountering stubborn Chinese resistance, the invaders retired to Chaochow, leaving 80 dead.

On the same day, three Japanese warships of light draft and three steamboats proceeded to Tishak, in Chungshan, where an attempt was made to land marines under a naval barrage. The Chinese opened heavy fire and repulsed them.

VIGOROUS HUPEH ADVANCE

FANCHENG, HUPEH, Aug. 12 (Central).—Hostilities have again been brought to the immediate outskirts of Suifu, an important north Hupeh town 105 miles northwest of Hankow now under Japanese occupation, as a result of the vigorous Chinese advance.

The flood forms a useful ally to the Chinese in the Han River valley, in central Hupeh. It has rendered Japanese mechanized equipment ineffective. Taking advantage of the flood, the Chinese have made frequent raids to harass the enemy.

Some 240 Japanese were killed and drowned in the Han River last Monday when their boats were sunk by Chinese fire in an abortive attempt to cross the river at Lohansu.

SUCCESS IN NORTH

KAOAN, KIANGSI, Aug. 13 (Central).—Chinese troops attacked the Japanese at a point near Wanshoukung, a small town about 15 miles southeast of Nanchang in Kiangsi, on August 10. After a night-long engagement, the Japanese were defeated, losing 50 men and two heavy and two light machine-guns, four pistols and 20 rifles.

TWO SHANSI TOWNS RECAPTURED

SIAN, Aug. 13 (Central).—Liang-machen, and Fuchengchen on the Hungting-Tunliu highway in southeast Shansi have both been recaptured by the Chinese, according to military advices. The Japanese, who suffered over 100 casualties, retreated to Antseh and Hohsun.

JAPANESE DRIVE IN SHANTUNG

LOYANG, Aug. 12 (Central).—More than 3,000 Japanese, supported by over 90 tanks and armoured cars and eight planes, launched a fierce attack on Liangshan, west of Tungping, in western Shantung, recently.

Owing to numerical inferiority, the Chinese withdrew from Liangshan. The Japanese are reported to be pushing westward to Shou-chang.

MORE CHINESE IRREGULARS

CHENGCHOW, Aug. 12 (Central).—A unit of Chinese irregulars under Japanese employ at Chaochow station, on the Peiping-Liaoning Railway, in Hopei, recently revolted and joined the Chinese. They killed scores of Japanese during a skirmish and brought three truckloads of ammunition to the Chinese side.

Tientsin's Plea For Justice

CHUNGKING, Aug. 12 (Central).—The people of Tientsin yesterday addressed two separate letters to Sir Archibald Clark Kerr and M. Henri Coombe, British and French Ambassadors respectively to China, concerning the Tientsin situation.

The letter to the British envoy declared that the anti-British movement was never a spontaneous movement of the Chinese people, but a sinister plot inspired and engineered by the Japanese and designed to drive British interests out of North China.

The letter urged the British Government to adopt a stronger policy against the Japanese.

The letter to the French Ambassador pointed out that British and French interests in China are identical and must stand or fall together. If Britain were forced to surrender, French interests would very soon be wiped out.

CHIANG KAI-SHEK

Continued from Page 1

Chinese newspapermen in the face of the enemy's inducement and threats, he asked them to supply the public with accurate information in order to nullify the malicious propaganda of the unscrupulous elements.

He hoped that the economic circles in Shanghai would build an economic bulwark against the enemy and assist the Government to strengthen the credit of the legal tender and check the enemy's economic penetration. He explained that the recent drop of the Chinese dollar in the exchange market was due entirely to the undermining of the enemy and had no effect upon the currency itself, and asserted that the Government had drawn up a comprehensive scheme to place Chinese wartime economy on a rational basis.

As a result of the bounteous harvest during the current year, sufficient provisions and clothing for the Chinese Army and daily necessities for the people was ensured, he declared.

He hoped that the Chinese youths remaining in Shanghai would refrain from luxurious and extravagant habits and live a rigid, disciplined life. In view of the facility in procuring books and apparatus in Shanghai they should organize academic groups and devote their time to the study of subjects and techniques useful for national resistance and reconstruction.

He hoped that the workers in Shanghai would strengthen their organization and support resistance to the end. He asked the wharf coolies not to carry things for the Japanese, the factory workers not to work in Japanese-owned factories, and the postmen, telegraph and telephone operators, newsboys, engineers and employees in the communications services to refrain from serving the enemy. He warned them in particular against traitors seeking to betray them to the enemy.

In conclusion, he expressed the hope that all Chinese in Shanghai would help each other in these trying times. They should particularly give aid to their patriotic and upright compatriots who would not surrender to the enemy despite inducement and coercion and they should never yield to the enemy, use bogus notes, or buy enemy goods.

GERMAN ASIATIC EXPERT COMING

HAMBURG, Aug. 12 (T/Ocean).—The director of the Hamburg-Bremen branches of the German East Asiatic Society, Dr. Otto Richter, is leaving here to-day by the m.v. Duisburg for an extensive tour of the Far East.

His journey, which is being undertaken for study purposes, will include visits to Hongkong, Tokyo, Yokohama, Kobe and Osaka. Afterwards, Dr. Richter will spend four weeks in "Manchukuo" and stay four months in Shanghai.

U.S. EXPORTS OF WAR MATERIAL

American exports of war material and weapons to Great Britain in July totalled \$5,694,000. France following with \$3,030,000 and Brazil came third with \$433,000. The next three countries on the list were Canada, Argentina and Mexico.—(T.O.)

STEADY TONE IN LONDON

LONDON, Aug. 12 (Reuter).—The Stock Exchange finished the week on a generally satisfactory note, largely owing to the steady tone imparted by the absence of surprises in Foster's speech at Danzig.

News prominently mentioned of the Amsterdam bank application to suspend payments caused temporary nervousness, which dissipated immediately it was known that no serious repercussions were likely.

Foreign exchange pressure against sterling on the Continent, on fears that heavy seasonal trade payments to America will entail a cheaper pound in terms of the dollar, necessitated official intervention.

Both Spot and Forward markets on Wall Street were irregular.

Japanese Bomb American Church

FOOCHOW, Aug. 12 (Central).—The American Methodist Episcopal Church was hit by three bombs and largely destroyed as the result of a terrific bombing attack by 25 Japanese planes on Changchow in southern Fukien on August 7, according to a belated report.

The Catholic Church was also hit by two missiles and partially destroyed. It is as yet unknown whether any foreigners were killed in the raid.

More than 100 bombs, it is said, were dropped in the crowded sections of the city, a large part of which was reduced to ruins.

The Ministry of Finance of the Chinese National Government has instructed the four Government banks to form a joint committee for the control of domestic remittances. This step is being taken with a view to preventing the outflow of Chinese capital to the occupied areas. The control committee will permit domestic remittances to be made for the purchase of daily necessities only.

England and France intend offering their assistance to the Soviet Government in the task of modernizing the Soviet Navy. Although the latter has recently been considerably increased, the fighting value of its units does not equal that of the latest types of vessels of various categories in the British and French navies.—(T.O.)

Rumours of the impending resignation of the British Ambassador in Berlin, Sir Neville Henderson, are not confirmed in London. Although he is not in the best of health the Ambassador has apparently no intention to leave his post.—(T.O.)

SUBMARINE LIFTED FROM SEA BOTTOM

PORTSMOUTH, NEW HAMPSHIRE, Aug. 13 (Reuter).—United States Navy salvage vessels yesterday succeeded in lifting both the bow and the stern of the sunken submarine, Aqueduct, about 60 feet from the seabottom. The vessels are prepared to tow the sunken submarine to shallow water off the side of shoals.

Hand Grenades Usher S'hai Anniversary

SHANGHAI, Aug. 13 (Reuter).—Eleven casualties, including two women and one Chinese constable of the Shanghai Municipal Police, were caused at 8.20 p.m. yesterday, when two hand-grenades were thrown outside the Japanese sponsored Chinese Inland Shipping Company, in West Hongkong, north of the Soochow Creek and in the British defence sector.

The explosions panicked the densely populated neighbourhood. British Volunteers, cordoned off the area while British and Japanese officials conferred on the spot. Hitherto, no arrests have been made. All Volunteers on short leave have hurriedly been recalled to barracks.

The shipping company concerned runs a fleet of launches, tugs and towboats between Shanghai and Sochow.

SURRENDER

For Japan to link to this purely Anglo-Japanese matter extraneous questions which concern other Powers as well as to put a brake on the tempo of the whole Anglo-Japanese conversations.

INSTRUCTIONS DESCRIBED

LONDON, Aug. 13 (Reuter).—Appropos the Dornier report that Mr. S. Kato, leader of the Japanese delegation, had declined to resume the Tokyo talks on the basis of Sir Robert Craigie's latest instructions, Reuter's diplomatic correspondent writes that the instructions deal primarily with the matter of safeguarding order in Tientsin.

Wider questions raised after the blockade was begun were matters which the British Government always made plain were not exclusively of interest to Britain and Japan.

This did not hold up or bar completely discussion of such matters in Tokyo, but it indicated that the British point of view was supported by action of other interested powers who have made known to Japan as well as to Britain the fact that they are in no way disinterested in these subjects.

DEATH OF SIR STANLEY MACHIN

LONDON, Aug. 12 (Reuter).—The death is announced of Sir Stanley Machin, formerly president of the London Chamber of Commerce and the Association of British Chambers of Commerce.

The Norwegian Government has placed orders in the United States for twelve Curtiss fighting planes of a total value of 3,000,000 Norwegian crowns.—(T.O.)

In compliance with repeated public petitions, the Chekiang Chinese military authorities have now given permission for the reopening of the Ningpo-Kiaochow line to foreign shipping services. Prior to the outbreak of the current hostilities, the Oukiang and Ngaoching were open to Chinese inland and coastal shipping services only. The Oukiang in Wenchow still is being blockaded by the Chinese military authorities.

COUNT CIANO, Italy's Foreign Minister

HITLER

(Continued from Page 1)

Both the "Frankfurter Zeitung" and the "Hamburger Fremdenblatt" are publishing long articles trying to throw the blame for any possible outbreak of war on Britain.

All commentators advise Britain to "come to her senses before it is too late" and not to leave the fate of Europe in the hands of Polish irresponsibility.

The "Frankfurter Zeitung" says: "One would have to be blind not to see that a correction is due in world history and that this correction will come to pass in the not too distant future."

The "Hamburger Fremdenblatt" says: "Germany does not dream of postponing for any length of time the only natural solution to so simple a question as Danzig."

AXIS "HONOUR"

BERLIN, Aug. 12 (Reuter).—"The time having come when the right and honour of one of the Axis partners is menaced by force, the Foreign Ministers of Germany and Italy have come together to examine the joint measures to be taken," declares Field Marshal Goering's paper, "National-Zeitung," commenting on the Ciano-Ribbentrop talks.

PARIS, Aug. 12 (Reuter).—A suggestion that the extermination which the German press is endeavouring to stir up under official inspiration may be nothing more than a blind to the real intentions of Hitler is made in the French press.

The newspapers in Paris, as in London, are showing the closest interest in the Axis conference at Salzburg, where Ribbentrop and Count Ciano talked for nine hours yesterday as a preliminary to their visit to Herr Hitler to-day.

Somewhat mixed views are expressed in Paris. While "Figaro" and "L'Epique" writers both feel that Italy will not rush into commitments in regard to Danzig, commentators generally recognise the need for a careful watch on developments by Britain, France and Poland.

"Le Jour" is most suspicious. Commenting on the Salzburg discussions, and recent movements in Central Europe, the paper says that everything seems to indicate that Berlin wishes to force Hungary to sign an agreement permitting the Reich to extend her influence and eventually her troops into Rumania.

The "Danzig" issue, suggests, "Le Jour" may now be only a blind.

BRITAIN PLANS SECOND BIG BLACK-OUT

LONDON, Aug. 13 (BWS).—Arrangements are being made for another big black-out early in September, after the holiday season. Several schemes embracing smaller areas have already been drawn up. Some of the tests will begin earlier in the evening. Practice in every branch of civilian defence will be given.

TURKS PREVENT JEWS' ENTRY

SMYRNA, Aug. 13 (Reuter).—Two more tramp steamers laden with exhausted Czechoslovak Jewish refugees dropped anchor yesterday at Fenike, a small south Anatolian port in the Mediterranean.

The Turkish authorities refused to allow them to land and ordered the steamer's immediate departure.

It is stated that three other steamers with Jewish refugees are cruising about the eastern Mediterranean unable to land its passengers anywhere.

BIG INCREASE IN PAPER MONEY IN JAPAN: FUTURE OUTLOOK NOT A HAPPY ONE FOR THE STATE

TOKYO, Aug. 11 (Reuter).—There has been a progressive increase in paper money in circulation in Japan in recent years. Notes in circulation averaged 2,286,000,000 yen in July, 1938. This shows an increase of 380,000,000 yen compared with July, 1937, and an increase of 814,000,000 yen compared with the corresponding period of 1937, the date of the outbreak of the "China Incident."

The average annual increase in note issue before the outbreak of the war was around 100,000,000 yen.

"The huge increase in note circulation would not be dangerous if paralleled by an expansion of Japan's economic activity," says the "Asahi Shimbun," but unfortunately this does not seem to be the case.

"An industrial expansion must necessarily be followed by an increase in the nation's power of absorbing bonds. As a matter of fact, there has been no appreciable increase in the amount of bonds held by financial institutions and the general public. The amount of bonds now in the vaults of the Bank of Japan suggests that any substantial expansion in the nation's economic activity has yet to come."

Further evidence that the increase in notes in circulation is a thing on which the Japanese cannot congratulate themselves unconditionally is furnished by the fact that there is a growing shortage of consumer goods, due to a decline in the production of such goods, resulting in an inevitable mounting tendency in prices.

The "Asahi Shimbun" calls on the Government to face the fact that there will be an increase in notes in circulation so long as the present rising tendency of commodity prices continues and describes the future outlook as a happy one for financial circles, but not for the State.

Ciano Talks With Hitler

SALZBURG, Aug. 13 (Reuter).—Count Ciano again visited Berchtesgaden this morning to interview Herr Hitler, with whom he had a conversation lasting just under one hour.

Afterwards, he returned to Salzburg and lunched with Herr Von Ribbentrop.

Count Ciano is expected to leave Munich this evening with his staff in a special train for Rome.

Good Crops Expected In Hunan

HENGYANG, Aug. 12 (Central).—Continued favourable weather conditions since the advent of summer augur well for bumper crops in the coming harvest season in various parts of Hunan.

Harvest of rice and wheat in many districts has been especially bountiful. Already the price of rice is beginning to drop. Planting of next season's wheat is being advanced, many farmers having already started work in the field.

MANY SPEED
RECORDS GOAB JENKINS AT
SALT FLATS

BONNEVILLE, Aug. 11 (Reu-
ter)—On the Salt Flats here to-
day, Ab Jenkins, the famous
American racing driver, broke
the world record for the 1,000
miles with 170.767 miles an hour,
thus beating the previous record,
held by himself, of 168.11 miles
an hour.

Jenkins also broke the world
record for six hours, with 170.85
miles an hour, the previous re-
cord—also his own—being 168.15
miles an hour.

In addition, Jenkins also broke
the world record for the 2,000
kilometres with 169.4 miles an
hour, beating the previous record,
held by Capt. George Eyston, of
163.6 miles an hour.

SOUTH CHINA
LOSE TO
HERCULES XI

South China Athletic Associa-
tion lost the third of their tour
in Batavia, by two goals to three
in the presence of 15,000 people
on Saturday afternoon, when they
were beaten by the Hercules XI.
Lee Wai-tong was present but
did not play. Leung Shiu-wing,
who was injured in Singapore,
also did not play.

The goal scorers were Fung
King-cheung and Chan Tak-fai.
The Hercules side is con-
sidered to be the strongest team
in Batavia.

So far the South China tourists
have played 26 games, of which
they have won 18, lost 3 and drew
five. Chan Tak-fai has been the
highest scorer.

The tourists have two more
games to play in Batavia, one
against the Batavia Football As-
sociation the other against All-
Batavia.

Notts 237; Lancs, 58 for 2.
Middlesex 217; Surrey 83 for 1.

STUDENTS VISIT CABLE NERVE CENTRE

On Tuesday last, Electra House, Moorgate, the central telegraph station of Cable and Wireless, Ltd., was visited by parties of students from three of the countries with which the Company maintains cable or wireless communication.

In the afternoon, students from Moslem Lycee at Nicosia, Cyprus, exchanged greetings with their parents and received a message from the Governor.

In the evening Canadian and Turkish girl students fraternised during a tour of the operating rooms and they also exchanged messages with their parents.

The Turkish girls sent a message to the British Ambassador at Ankara expressing their appreciation for His Excellency's interest in their visit to England.

Mr. H. E. Gott, Divisional Manager for the United Kingdom, welcomed the girls on behalf of the Chairman Sir Edward Williams K. C. M. G., and afterwards read a message from Sir Edward in which he said that they had inspected what might be described as the nerve centre of the Empire and a link which connected not only the countries of the British Dominion but the rest of the world.

SHARE MARKET REVIEW

HONGKONG SHAREBROKERS' ASSOCIATION

Hongkong, Aug. 11.
The week has been very quiet and volume of business has continued to dwindle. The market has been dull with no salient point worthy of record.

Electricity has shown improvement with business at \$54. Lands continued steady at \$34. Wharves were wanted at \$102 without attracting Sellers. A fair business has been reported in HK Docks at \$16 to \$16½. Trams remained unchanged at \$16.70. Dairy Farms (C) were wanted at \$20½ and Hotels were easier with sales reported at \$4.80.

Gold mining stocks were easier with a tendency to drift downwards. Coco Grove lost 3 cts and closed at 21½ cts. Itogons were down 1 ct. to 23 cts. Masbate closed at 10½ cts, a loss of 2 cts. United Paracale at 4½ cts were down 2 cts and San Mauricio lost 1 ct. at 89 cts.

For the purpose of promoting closer trade contacts with Shanghai, Chinese industrialists, a party of overseas Chinese industrialists and bankers from Sian, including Messrs. Liang Chien-chiu, Teng Ming-kang, Ling Hung-hsing and Chen Chung-ta, is now conducting a tour of inspection of various Chinese industrial plants in Shanghai.

WEEKLY RUBBER REPORT

Liverpool, Aug. 1.
REYNOLDS AND GIBSON
RUBBER

LONDON.—Following the decision of the I.R.R.C. a week ago fixing the exportable quota for the Oct./Dec. quarter at 60%, and at the same time raising the quota for the current quarter to the same figure, our market began to show signs of easing a little. When, however, it became known that a more optimistic view was taken of U.S. consumption for the July/September period in addition to the anticipated French Government purchase, it was clear that the extra allocation would be fully disposed of without augmenting the world stock. At the week end, reports were to hand of German and Russian enquiries in the market for near-by rubber, and early deliveries in consequence are likely to show a rising tendency.

The Malayan Information Agency has published the monthly up-country figures:

Production: Malaya. Estates of 100 acres and over:	June	May
Straits Settlements	1,450	1,367
Federated Malaya States	9,757	9,487
Unfederated Malaya States	7,287	6,935
	18,494	17,789

Stocks: Held by Dealers—	tons	tons
Federated Malaya States	3,722	4,200
Unfederated Malaya States	2,030	2,920
	5,752	7,120

Production: Malaya. Estates under 100 acres:—	tons	tons
Straits Settlements	623	705
Federated Malaya States	1,219	2,843
Unfederated Malaya States	1,872	3,884
	3,714	7,232

Stocks: Estates of 100 acres and over:—	tons	tons
Straits Settlements	3,669	3,374
Federated Malaya States	27,200	25,187
Unfederated Malaya States	17,544	15,985
	48,413	44,546

If the keen competition for near deliveries is to be continued on behalf of several countries, we should not be surprised to find more distant positions gradually drawing closer to spot. Further progress in the advance may be made while demands remain so insistent.

Movements of Rubber in London and Liverpool for week ending July 29, 1939:—

London, Landed 517 tons; Delivered 1,581 tons; Stock 37,930 tons; same time last year 62,855 tons.

Liverpool, Landed 346 tons; Delivered 875 tons; Stock 18,903 tons; same time last year 33,061 tons.

NEW YORK.—Sympathetically with the fall in London after the I.R.R.C. decision, New York prices slipped back in all about 40 points. In consequence, the last day or so the difference at which New York stood over London, and to which we referred a week ago, has narrowed considerably and straddle positions have been undone.

BRITISH AIRCRAFT
MANUFACTURER HONoured:
UNIQUE ASSEMBLY

Recently, in London, men who pioneered the
heavier-than-air flying airplane before the War, when
only a minority believed in the immense potentialities
of the new transport vehicle, were present in hun-
dreds at a banquet celebrating the thirtieth anniver-
sary of incorporation of the first company in the
world to be constituted solely for the design and
manufacture of airplanes.

Mr. Handley Page, in his
own words "the oldest em-
ployee of Handley Page,
Limited," its founder and
directing head, since he left
the electrical engineering
profession in 1908 to enter
the crazy business of aircraft
construction, had sought to
bring together all those who
had practical faith in the new
art and science. The result
was an assembly unique in
the history of aviation.

Lieutenant-Colonel J. T. C.
Moore-Brabazon, holder of the
first certificate ever issued in this
country to a qualified aeroplane
pilot, spoke of his memories of
the past and his still unquenched
hopes for the future "when the
aeroplane shall be turned to the
paths of progress and closer com-
munion for all mankind which
was the dream of the pioneers."
Mr. H. G. Wells, whose imagina-
tive stories ran ahead of the
pioneers and forecast their future
achievements to an incredulous
world, had near him at table
Rear-Admiral Sir Murray Sueter,
"father" of the Royal Naval Air
Service and its successor the
modern Fleet Air Arm.

The Other Guests
Mr. George Volkert, designer
of every Handley Page aeroplane;

PROGRESS
IN AIR
TRANSPORTRESEARCH CRAFT
FOR ATLANTIC

One of the most interesting
aspects of world progress in air
transport is to be found in the
investigations which are now
being carried out by meteorolo-
gists in regard to the move-
ment of upper-air wind cur-
rents above seas and oceans.
Recently a specially-equip-
ped research-ship, the "Car-
mare," left France to take up
a position mid-way between
New York and the Azores.

Floating Observatory

Lying at anchor in this position,
the "Carimare," will act as a float-
ing observatory, the experts
aboard her obtaining data not
only as to surface conditions, but
also as to wind movements at
considerable heights above the
Atlantic—the latter information
being secured by the sending up of
small pilotless meteorological bal-
loons.

A remarkable feature of
these balloons is that they will
carry up with them a special
form of automatic wireless
transmitter. This is a very
small, light, but highly-effi-
cient piece of apparatus.

As the balloon climbs into the
upper air this automatic trans-
mitter sends down messages which
are picked up by an operator on
the ship below—these signals giv-
ing information needed as to baro-
metric and other conditions at
the height at which the balloon is
moving.

News has reached air experts
from Australia of an in-
teresting step now being taken to
obtain special data as to upper
air conditions above the Tasman
Sea with a view to the impending
flying-boat service, which is to
operate between Sydney and Auck-
land.

Research Station

What has been done so far is to es-
tablish a special meteorological re-
search station in a merchant ship
the "Awatea," which plies regular-
ly to and from across the Tasman
Sea. And in charge of this ship's
station will be an expert weather
man, Mr. Alan Martin, who has
recently been carrying out special
upper-air investigations in Tas-
mania.

On his voyages to and fro
across the Tasman Sea, Mr.
Martin will take regular up-
per-air soundings with meteorolo-
gical balloons, and will trans-
mit special weather re-
ports from his ship to the air-
ports on both Sydney and Auck-
land.

The importance of such meteorolo-
gical investigations cannot be
over-estimated.

KWEILIN PUBLIC BODIES
URGE SUSPENSION OF
TOKYO NEGOTIATIONS

KWEILIN, August 11. (Central)—Public bodies in
Kweilin have sent a message to Sir Archibald Kerr
Clark Kerr, British Ambassador to China, requesting
him to convey their anxious hope that the British
Government will not yield to the Japanese demands
in the present negotiations in Tokyo.

Another message from the
same bodies has been sent to
Lord Cecil, President of the
International Peace Cam-
paign, expressing the hope
that the British people will
urge their Government to
stop the Tokyo parley.

The Message

The message to Sir Archibald

reads:—

"We wish, first and foremost,
to express our gratitude to Your
Excellency for the sympathy shown
and assistance rendered to us by
His Majesty's Government and the
British people in our resistance
against Japanese aggression.

"It is, however, regrettable
that an unexpected preliminary
agreement has recently
been concluded between the
British Ambassador to Japan
and the Japanese Minister of
Foreign Affairs at the Tokyo
parley and the formal negotia-
tions have already been opened.
Such steps seem to be
not only contrary to justice
but also prejudicial to the
cause of permanent peace of
the Far East and even the
interests of the British Empire
herself.

"We, therefore, earnestly request
Your Excellency to convey to His
Majesty's Government our anxious
hope that Great Britain will never
yield to the Japanese demands,
but, on the contrary, will, for the
sake of justice and peace of the
Far East, take further steps to
carry out the resolutions of the
League of Nations by helping
China and applying sanctions
against Japan."

Second Message

The message to Lord Cecil

reads:—

"We have always felt very grate-
ful to your organisation and the
people of the British Empire for
the sympathy shown and assist-
ance against Japanese aggression.

"It is, however, regrettable that
an unexpected preliminary agree-
ment has recently been concluded
between the British Ambassador to
Japan and the Japanese Minister
of Foreign Affairs at the Tokyo
parley and the formal negotia-
tions have already been opened.

"Such steps are not only
contrary to the Covenant of the
League of Nations, the
Anti-War Pact and the Nine-
Power Treaty, but also pre-
judicial to the cause of per-
manent peace of the Far East
and even the interests of the
British Empire herself.

"The Chinese Government and
people have long since resolved to
prosecute this war of self-defence
under the leadership of General-
issimo Chiang Kai-shek persist-
ently to its victorious end.

Stop The Parley

"We, therefore, earnestly hope
that the people of the British
Empire will urge, in the anti-
aggression spirit, their Govern-
ment to stop the Tokyo parley
and, for the sake of justice and
peace of the Far East, take fur-
ther steps to carry out the re-
solutions of the League of Nations
by helping China and applying
sanctions against Japan."

The messages were signed by
Pei Peng-fel, President of the
University of Kwangsi, Tong Jen-
chi, Acting President of the
Kwangsi College of Mass Education,
the Reconstruction Research In-
stitute of Kwangsi, the Kweilin
Chamber of Commerce, the Kweilin
Labour Union, the Kweilin
Farmers' Union, the Kweilin
Y. M. C. A. and twenty-eight
other organisations in Kweilin.

NORWAY'S
DIVING CAT

A large cat with a passion for
salmon is the despair of anglers
at Gudensanden, in the Teorring
district of Norway.

According to the newspaper
"Hordalandstidende," this cat can
be seen almost at any morning at
dawn crouching on the river
bank watching for her prey. When
she sees a fair-sized salmon she
dives in and catches it.

The cat's catch is said to
amount to three or four fine fish
a day.

John Salmon, for years now a
government director of "Imperial
Airways"—these and scores more
famous makers of air history were
there.

BOYCOTT
OF JAPAN
IN MALAYAFALL IN IMPORT
OF GOODS

LONDON, July 31. (By Air Mail)

The large Chinese population in
Malaya has imposed a successful
boycott upon Japanese goods. The
total imports into Malaya of mer-
chandise from Japan fell from
40,482,000 dollars in 1937 to 12,428-
000 dollars last year, according to
a report by the British Trade Com-
missioner at Singapore issued yester-
day.

In practically every item of
goods there has been a heavy re-
duction. For instance, in 1937
Japan came next to the United
Kingdom and Belgium as the
largest supplier of chocolate, but
last year only 8182lb. came from
Japan, compared with 117,137lb. in
1937.

Japanese coal imports were
practically halved, only a
third of the previous year's
import of cement was taken,
asbestos went down from 1229
tons to one ton, and the value
of iron and steel and manu-
factures dropped from \$3,361-
000 to \$305,000.

Decline in Textiles

There is a similar decline in tex-
tiles imported from Japan, with a
consequent increase in British
goods. The value of cotton yarns
and manufactures was reduced
from \$7,416,000 in 1937 to \$2,787,000
last year, that of woollen goods
from \$852,000 to \$118,000 and that
of silk and silk manufactures from
\$3,492,000 to \$1,021,000.

Japan sent only 313 dozen pairs
of leather boots and shoes to Ma-
laya last year, compared with 5638
dozen pairs in 1937, and only 117
bicycles against 15,179.

ELEPHANTS
USED FOR
ADVERTISEMENTS

Burmese elephants are now
being used for advertising
purposes. These animals,
normally associated with labo-
rious feats of log-hauling and
log-rolling, are well known for
their intelligence and docility.
Now, for the purpose of present-
ing an attractive and compelling
background to the timber which
they do so much to commercialise,
they are being utilised in the
much more subtle sphere of
advertising.

In the show-windows of travel
agencies in London's West End,
Burmese elephants appear
amid a setting of Burmese forest
scenery calling attention to the
Irrawaddy teak industry.

Merits Of Teak

While presenting the outstanding
merits of Burmese teak, they also
lend point to airway captions
which indicate that in these days
of fast travel air liners can
transport one from the London
payments to Rangoon in a
negligible period of four days.

Models of teak elephants are
enjoying a remarkable vogue in
the British Isles, those responsible
for the displays realising the
appeal which the elephant has
here.

At the Empire Exhibition in
Glasgow last year and at the
British Industries Fair in London
last February, many thousands of
visitors eagerly purchased models
of elephants, appreciating not
only the appeal of the animal
themselves but also the artistic
craftsmanship of the Burmese
wood carvers.

Travel Advertisements

Travel advertisements must to-
day attain a high level, and Sir
Harry Lindsay, the Burma Trade
Commissioner who has been re-
sponsible for these displays, has
attained the results intended.

Sir Harry has had the active co-
operation of Mr. J. E. Glass, the
representative of Burma Teak
Shippers, who has also arranged
displays at the Building Centres
in London and Glasgow.

Those exhibitions have directed
their appeal to the various uses
of teak in the building industry,
but travel displays have gone fur-

GOBS FROM PEARY MAKE
LOCAL BASEBALL DEBUT

(By "R.O.Y.")

In the only league match of the week, South China held on to fourth position in the league standings by virtue of a 6-4 victory over the Club de Recreio.

On Saturday, the Hongkong Baseballers chalked up their only win of the year, taking the inexperienced Royal Engineers by 13 runs to 3. The U.S.S. Peary made their local debut in an exhibition match against the Combined Chinese, but, owing to lack of practice, were defeated by the comfortable margin of 9 to 1.

The Recreio-South China clash was quite interesting despite the lack of customary barracking. Johnny Alvares started on the mound for Recreio with brother Al behind the plate. South China commenced well, tallying three times in each of the first and second frames.

In the opening stanza, Bill Hong Sling and George Wu both walked and advanced to second and third. Chang fled out to rightfield. Sling crossed the plate on a passed ball. Chan walked and took second unmolested. Chu batted in Wu and Chan with a single then pilfered second. Wong fled to Marques and Sseto grounded to Pereira to end the frame.

The Portuguese threatened in their half but were unable to score. Marques led off and bunted but was thrown out by Chang. Beltrao popped to the same player but Johnny Alvares beat out a roller to third. Spotty Pereira bled to send Alvares to third, but Mike Mendonca pushed an easy grounder to Sling for the third out.

South China's second bunch of tallies came when K. H. Chang singled and advanced on a passed ball. Ip drew a pass and Chang took third when the ball again got away from Al Alvares behind the plate. Sling batted in Chang with a hit to short centre while Ip crossed the plate on George Wu's sacrifice. Sling advancing and coming home when Mike Mendonca rumbled Chang's daisy cutter. Mike again misjudged when Chan drove a grounder to him, but trapped Chang between second and third only to fail to run him down with the help of Alvares. Ribeiro and Marques. Chu fled out to Beltrao and Wong was thrown out at the initial station by Mendonca.

PORTUGUESE REPLY

The Portuguese boys replied with a trio in the last half of the second. Al Alvares singled as did Figueroa. Remedios was thrown out at first base by Sling, but Alvares and Figueroa scored when Chan unleashed a wild throw to Sseto. After Ribeiro had laid a puny grounder to Chan, Marques took second, when Wong booted the ball into the crowd at third base, and tallied on Nick Beltrao's drive to left-field. Johnny Alvares popped out to the pitcher.

With Spotty Pereira hurling instead of Alvares, the winners were unable to score during the remaining five innings of the game, but held Recreio scoreless for the next four frames.

Coming into the last stanza three markers behind, Mike Mendonca slashed a two bagger to centre field and tallied on Al Alvares long sacrifice fly to deep centre. Figueroa was thrown out by Hong Sling, and Remedios grounded to Y. T. Chan to end the game, with the Rec's still two tallies in arrears.

Scores were:

GOOD ENTERTAINMENT

The Peary-Chinese game was excellent entertainment, despite the lopsided final tally. Five hurlers were used by the two squads. Seaman and Andrahan for the battle wagon, and Hank Chang, Wally Ching and Denham Cray for the Chinese, who started off with two markers in the first frame.

Sling grounded to Yeager at short. Wu was pegged out by Rogers to Jackman. Wally Ching hit and pilfered second. Y. T. Chan was safe when Jackman failed to hold Seaman's throw and Ching scored when Dye let Chang's grounder to get away from him. Chan identified the plate when Seaman hurled a wild pitch, then Tommy Chan rolled an easy grounder to Dye for the third out.

"Rebel" McCullis walked but was pegged out at the middle cushion. Seaman was safe on Chang's wild throw. Yeager fanned and Hank Chang again let loose with a wild peg that allowed Seaman to go to third. Rogers grounded out Ching and Chan for no score.

The sailor boys chalked up their only tally of the game in the last

half of the second frame. Andrahan drew a free pass but was nabbed stealing the next bag. Bickel watched four wide ones go by, and advanced when Dye sacrificed. Pickett drove in Bickel with a liner to left field. Jackman swung at three good ones without connecting.

CHANG'S POP-FLY

The Chinese, after being blanked for three stanzas, came to light with three tallies in the fifth. Raymond Chang hit a pop-fly to Rogers but Wu singled to centre. Ching slashed a red-hot drive which the pitcher failed to hold, and started a double steal for Wu to score when Parker pegged wild past third base. Chan walked and stole second. Bill Hong Sling slammed the apple to right for the longest hit of the game, driving in both Ching and Chan. A. Li hit a slow roller to Mason. The Chinese garnered two markers in each of the sixth and seventh frames to put the game on ice.

Denham Cray made his first bow to the public as a hurler in the sixth and almost met with disaster after walking the first two batters to face him. With Rogers and McConnell on first and second, Rafanelli hit into a double killing, Bill Wu to Y. T. Chan, getting Cray out of a hole. Mason slapped a grounder to Tommy Chan to end the Peary's hopes of a rally.

The sailors connected for one hit off Cray's speedy deliveries in the last, but the game ended with Cray chalking up his first strike-out at the expense of Seaman who took a called third strike.
